CAREER OBJECTIVE

AI/ML student focused on building intelligent, scalable, and practical software solutions through machine learning and full-stack development.

EXPERIENCE

Cocomo Media

2025 to Present

Content Head - Lead Graphic Designer

Ahmedabad, India

- Led digital projects involving UI design, responsive layouts, and platform-specific content.
- Collaborated with cross-functional teams to deliver digital solutions within requirements and deadlines.
- Applied UI/UX and digital platform knowledge to improve user-focused experiences.

Freelance Graphic Designer and Video Editor

2023 to Present

- Developed digital interfaces, dashboards, application graphics, and responsive layouts for online projects.
- Translated client requirements into structured digital solutions with a focus on usability.

Creative Media Projects

2019 to Present

- Developed digital assets and platform-specific content for YouTube, Discord, Twitch, and online platforms.
- Worked with creators to deliver customized solutions based on technical platform requirements.

PROJECTS

ScamShield

GitHub

- Built an AI-powered Chrome extension for phishing detection and webpage risk analysis using Python, FastAPI, React, VirusTotal, and Google Safe Browsing.

BrickChain

GitHub

- Developed a Minecraft authentication and property-management plugin using Java for Paper/Spigot 1.20+ servers.

Fyro

GitHub

- Built a Discord music bot using TypeScript, discord.js, Spotify API, PostgreSQL, and Redis with playback, queues, radio, and slash commands.

PaletteLens

GitHub Live

- Built a full-stack color analysis platform using React, TypeScript, Vite, FastAPI, and Python with CIE L*a*b* clustering and multi-format processing.

National Job Market Demand Forecaster

GitHub

- Developed an AI-powered employment analytics platform combining React, Django, and machine learning models.

EDUCATION

LJ University

2024 to Present

Bachelor of Technology in Artificial Intelligence and Machine Learning

Ahmedabad, India

- Active in technical hackathons, creative coding challenges, and design events.

Higher Secondary Education (Class XII) | Gujarat State Board (65% score)

2024

Secondary Education (Class X) | Gujarat State Board (73% score)

2022

TECHNICAL SKILLS

Programming:	Python, C, C++, Java, JavaScript, TypeScript
AI & Machine Learning:	Machine Learning, Scikit-learn, NumPy, Pandas, Matplotlib
Frontend:	HTML5, CSS3, React, Next.js, Vite, Bootstrap, Chart.js
Backend:	Django, Express.js, FastAPI, Node.js, REST, EJS
Databases:	PostgreSQL, MySQL, MongoDB, SQLite, Redis
APIs & Integration:	Spotify API, Google Gemini API, VirusTotal API
DevOps & Tools:	GitHub, Docker, npm, Maven, Jira, Notion, SQLAlchemy
Design & Other:	Figma, Framer, Canva, Adobe Photoshop, Adobe Premiere Pro, After Effects, Blender, Unreal Engine
